

Incredibly fast high-performance 2 in 1 drill bit for wood and metal, thanks to its high clearance fluting and split point tip. Made in France.

- Especially for hardwoods and terraces
- Especially for steels and aluminiums
- Maximum long life
- Incredibly fast drilling
- Made in France

- High-speed steel
- Automatic centring
- Type S flute
- Large chip clearance
- Cylindrical attachment

Ø 2- 3- 4- 5- 6- 8mm - CLIPSTER Case

Machine

Application

Hard wood Metal Aluminum

Features

Properties and benefits

- + High speed steel: type of steel especially designed for cutting tools. High strength, excellent cutting edge strength, and resistance to wear
 - Enables the optimal, long-term cutting of tools into the hardest of woods. Maximum lifespan.
- + Split-point grinding: reduction of the drill tip. ➤ Enables the simple self-centring of the drill bit on the smoothest of surfaces. Significantly reduces the required axial load.
- + Type S flute: deep flute ➤ Suitable for deep drilling and for materials with chips that are difficult to extract.
- + Effective removal of chips: flutes wit effective removal, for the optimal removal of chips. ➤ Enables fast drilling on account of the simple removal of chips.
- + Cylindrical shank: cylindrical attachment for all types of machine equipped with a 3-jaw chuck. ➤ Universal and safe attachment, suitable for all drills equipped with a 3-jaw chuck.
