

11501570028 | 17 pieces - 16 torsion bits with color ring + 1 magnetic Quick-Change bit holder

Very practical for in your backpack, for when skiing or cycling, or for in a kitchen drawer. The box serves as the screwdriver, by inserting the supplied bit.

- 6.35 mm hexagonal shank
- Torsion breakage-resist.
- With colored ring

3 PH bits 1- 2- 3 + 3 PZ bits 1- 2- 3 + 5 TX bits 10 -15 -20- 25- 30 + 3
Hexa. bits 3 - 4 - 5 + 2 bits 4 - 6 + 1 magnetic Quick-Change bit holder
- CROC BOX case

Machine

Features

Properties and benefits

- + 6.35 mm hexagonal shank / DIN 3126 C 6.3 standard: geometric characteristics comply with dimensional standards. ➡ Enables a perfect hold with bit-holders.
- + Break-resistant twist: reduced central geometry and special thermal treatment that absorbs peak screwing forces and extreme torque variations. ➡ Prevents the premature breakage of the bit, as well as its premature wear, for a longer service life.
- + With different color rings depending on the screw heads ➡ For the simple and fast recognition of screw head types. Each screw head has its own colour code
