

11521572011 | 29 pieces - 23 impact torsion bit + 5 nutsetters Ø 6 to 13 mm + 1 impact bit holder with powerful circular magnet - SHOCK SERIES

- Quick-change shank
- With colored ring
- Anti-shock
- For impact machines
- Torsion breakage-resist.

5 PH bits 1 - 2 - 2 - 2 - 3 L25 mm + 4 PZ bits 1 - 2 - 2 - 3 L25 mm + 8 TX bits 10- 20 - 20 - 25 - 25 - 30 - 30 - 40 L25 mm + 2 PH2 bits L50 mm + 1 PZ 2 bit L50 mm + 3 TX bits 20- 25 - 30 L50 mm + 5 nutsetters 6 - 8 - 10 - 12 - 13 + 1 impact bit holder with powerful circular magnet

Machine

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard ➡ Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + With different color rings depending on the screw heads ➡ For the simple and fast recognition of screw head types. Each screw head has its own colour code
- + Anti-shock: 4 corners made from anti-shock elastomer, and a glass panel for a perfect view of the contents. ➡ Transport this case to your sites, and carry it up a step ladder or ladder in complete safety: the case can withstand any potential drops.
- + Shock Series Impact: geometry and material specifically designed for use on high-power impact machines. ➡ Resistant to high tightening torques and can handle all seized screws and bolts.
- + Break-resistant twist: reduced central geometry and special thermal treatment that absorbs peak screwing forces and extreme torque variations. ➡ Prevents the premature breakage of the bit, as well as its premature wear, for a longer service life.
