

150 mm bit holder for quick bit changing.

- **Properties and benefits** 
  - Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
  - Tubular non-rotational retaining ring, Allows you to hold the bit holder with your fingers for safe and convenient positioning when screwing or drilling.
  - Enables the transmission of the magnetisation to the screw or nut. Senables convenient and faster work, by preventing the dropping of screws or of the nut, thanks to its magnetisation.
  - 6,35 mm Quick-Change hex head: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard Senables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
