Application

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard ➡ Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Especially for plasterboard, with an adjustment rings and automatic declutching ➡ Enables screwing in series, by precisely adjusting the screwing depth of the desired screw head. Automatic declutching when you arrive at the stop.
