

Angle head driver with grab handle adjustable about 360°m for screwing in very difficult-to-reach places. Max. tightening torque 17 Nm.

- Quick-change shank
- Quick-change magnetic
- Adjustable handle
- Difficult to access areas

Machine

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard → Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Enables the transmission of the magnetisation to the screw or nut. → Enables convenient and faster work, by preventing the dropping of screws or of the nut, thanks to its magnetisation.
- + 360° adjustable handle → For your comfort, enables the adjustment of the handle for left or right-handed use, and depending on the type of access for your specific task.
