Properties and benefits

- + Square 3/8" male attachment → For 3/8" female square sockets and accessories.
- + Laser marking: product data and characteristics indelibly engraved. → Allows you to instantly find the right product for the right use.
- + CrMo: steel with chromium and molybdenum for improved load and corrosion resistance. → Very high resistance to pulses from the machine, and a longer-lasting tool. Improves resistance to wear and heat.
- + Black phosphated: chemical surface treatment process. → Enables greater resistance to corrosion
- + Shock Series Impact: geometry and material specifically designed for use on high-power impact machines. → Resistant to high tightening torques and can handle all seized screws and bolts.
