Application

Features

Properties and benefits

- + 4 mm hexagonal shank: specifically for precision bits ➡ For very small bits designed for manual use with a screwing handle.
- + Charging and storage base, with lithium-ion battery, for connection to a computer or power adapter, magnetic. ➡ Recharge your precision electric screwdriver anywhere. No more lost bits, thanks to the magnetisation of the base. 4 to 5 hours continuous battery life
- + Aluminium body ➡ Lightweight, for excellent comfort of use.
- + Featuring a comfortable luminous flux. ➡ To illuminate your screwing and unscrewing tasks, in dark or shady areas.
- + Easy to use and intuitive ➡ An On/Off button for the LEDs and a +/- push bar for screwing or unscrewing.
