

Extension for difficult-to-reach places. Resistant to high tightening torques. Max. torque 395 Nm.

- Square drive 1/2"
- Laser marking
- CrMo steel
- Black phosphated aspect
- Ball system

Machine

Features

Properties and benefits

- + Square 1/2" male attachment → For 1/2" female square sockets and accessories.
- + Laser marking: product data and characteristics indelibly engraved. → Allows you to instantly find the right product for the right use.
- + CrMo: steel with chromium and molybdenum for improved load and corrosion resistance. → Very high resistance to pulses from the machine, and a longer-lasting tool. Improves resistance to wear and heat.
- + Black phosphated: chemical surface treatment process. → Enables greater resistance to corrosion
- + Ball system → Enables the locking of the accessory without any added safety ring or pins.
