

1200182 | Brazed wet core diamond drill bit - Cylindrical shank with flats **TECHNIC** (Blister)

- High-temperature soldering
- Especially for high-density tiles
- Anti-rotation attachment
- Tri-flat shank
- Wet drilling

Machine

Application

Stoneware Tiles

Features

Properties and benefits

- + Tri-flat shank: cylindrical shank with 3x 120° flats, for 3-piece drill chucks. ➡ Enables maximum torque transmission Prevents the rotation of the bit in the chuck. Specially adapted for through-holes.
- + Wet drilling: is used with the guide with an integrated water tank, to cool the cutting area and protect the diamond grains. ➡ Continual irrigation optimises drilling and extends the life of the tool.
