

- Especially for ceramic/stoneware
- Tough
- Rapid drilling
- High-temperature soldering
  
- Adaptable to fit grinders
- Dry drilling

**Machine**

**Application**

**Features**

**Properties and benefits**

- + M14 attachment adaptable to fit grinders: threading specifically for fixing onto grinders. ➡ Universal and secure attachment that can be adapted to suit all grinders Ø115, 125, 230. Select the brush diameters based on your grinder.
- + Dry drilling: enables drilling without lubricant. ➡ "Dry" work, with neither water nor oil, clean and safe environment.
