Machine

Application

Copper

Wood

Features

Properties and benefits

- + Cylindrical shank: rectified cylindrical shank, standard, without flats. ➡ Suitable for all types of drill.
- + Nylon fibre: flexible bristle with integrated abrasive for slightly aggressive sanding ➡ Enables the light stripping of all your surfaces. It is very flexible and will not damage your surface.
- + Cup shape: round geometry for use on flat surfaces. ➡ Enables simple stripping on flat and wide surfaces.
