Features

Properties and benefits

- + Anti-cut rack: SAFE-PICK system guaranteeing the secure handling of tools thanks to the fixing inserts. ➡ Good grip and the simple storage of tools, without any risk of cutting yourself.
- + Diamond cut HM blades: cut micro-grain tungsten carbide blade for a diamond grinding wheel. ➡ Enables simple and precise work on hard or soft woods, melamine-coated woods, laminated woods, and plastics. Offers a clean cut, and comfortable cutting.
