

For the dust removal and cleaning of wood.

- Quick-change shank
- Nylon fibre
- Cup shape

#### Machine

#### Application

Copper Wood

#### Features

#### Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard → Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Nylon fibre: flexible bristle with integrated abrasive for slightly aggressive sanding → Enables the light stripping of all your surfaces. It is very flexible and will not damage your surface.
- + Cup shape: round geometry for use on flat surfaces. → Enables simple stripping on flat and wide surfaces.
