

XT20492 | CIRCULAR brush - Corrugated brass-plated steel wire - Stripping of wood, brass ESSENTIAL (Hanging cardboard)

For stripping work, the removal of paint, rust, limescale, incrustations and burrs.

- Quick-change shank
- Corrugated wire
- Brass-coated steel wire
- Circular shape

Machine

Application

Brass

Wood

Features

Properties and benefits

- + Quick-Change hex attachment: a hexagonal recessed attachment for the quick locking and unlocking of the bit. Compliant with the DIN 3126 E6.3 standard → Enables the quick changing of your bits by doing away with the manual tightening/loosening of the chuck. For drills and screwdrivers.
- + Corrugated wire: light stripping of your surfaces, thanks to the crimped material. → Enables the gentle brushing of your surfaces with no need to apply pressure.
- + Brass-coated steel wire: very strong brass-coated bristle with good, aggressive brushing → Enables stripping and rust removal from all your surfaces. The coating gives the product a longer lifespan.
- + Circular shape: circular geometry for use on edges. → Enables simple stripping on narrow surfaces.
